

BioBrake™ is specially formulated for brake cleaning and general automotive maintenance and repair. It is designed to dry quickly without leaving any residue. Use BioBrake to clean:

- brake linings
- cylinders
- drums
- springs
- clutches
- related brake parts
- disc brake parts
- CV joints
- engine components

Formulated For Tough Cleaning Tasks™

- VOC Compliant
- Non-toxic
- Non-chlorinated
- No CFC's

BioBrake's extra strength formula and powerful spray, quickly and effectively removes:

- carbon
- brake fluid
- brake dust
- grease & oil
- other tough contaminants

Ideal for replacing hazardous and toxic solvents regularly used in the maintenance of:

- automobiles
- heavy trucks
- city buses
- subways
- railcars
- recreational vehicles
- fork lifts
- motorcycles & ATVs

BioBrake

BioBrake is VOC compliant.

BioBrake contains no hazardous air pollutants (HAPs) and is fully compliant with government VOC requirements.

Users save considerable time and money because BioBrake is exempt from government VOC and HAP reporting requirements.

Additionally, BioBrake is free of CFCs that deplete the earth's ozone layer.

Safe for workers.

BioBrake minimizes health risks to workers. Its unique formula does not contain any hazardous chlorinated solvents or toxic chemicals like methanol, xyene, and toluene common to typical brake cleaning products.

Available in:

- 15-ounce aerosol cans (12 per case)
