

Full Strength Asphalt Remover and More!

- Petroleum Distillate Free
- Biodegradable
- Non-toxic
- Non-corrosive
- Water dilutable
- Replaces kerosene, diesel and other hazardous solvents

TarBuster's industrial strength formulation safely penetrates, dissolves, and removes the toughest:

- Asphalt
- waxes
- heavy grease
- adhesives
- pitch
- cutting oils
- polishing compounds

TarBuster is Fast-Acting: Apply, and in as little as 30 seconds you'll see how TarBuster cuts cleanup time in the toughest cleaning applications

- paving and roofing equipment
- rail cars
- tankers
- diesel engines
- pipe coatings
- vehicles
- fuel tanks (exterior only)
- tools
- asphalt extraction
- clothing and upholstery

TarBuster is Simple to Use:

Simply apply TarBuster directly on the surface to be cleaned. Allow one to three minutes for adequate penetration. The rinse with water (or wipe with a damp cloth) and air dry. Repeat until surface is free of contaminants. TarBuster contains no petroleum distillates or chlorinated solvents and is the perfect replacement for glycol ether EB, kerosene, diesel fuel, and other hazardous solvents.

TarBuster Is Appropriate For Use in:

- dip tanks
- wipe cleaning
- pressure spray units*
- ultrasonic

*Make sure pump seals and O-rings are Viton

TarBuster

Reduces Concerns About Safety, the Environment, and Regulations.

TarBuster is an effective industrial strength product, yet does not compromise workers safety. It is a perfect replacement for hazardous or petroleum distillate-based products that are traditionally used for asphalt and grease removal.

The major component of TarBuster is approved by the FDA as food additive and is included in the "Generally Regarded as Safe" or GRAS list under the Food, Drug and Cosmetic Act of 1958. TarBuster complies with most major regulatory guidelines, minimizing the concern associated with compliance.

Available in Convenient sizes: Item

- One-gallon containers (four per case)-BF1973
- Five-gallon pails – BF1974
- 55-gallon drums – BF1975
